

TRINITY  
FOUNDATION

**Trinity College Dublin** is committed to confirm its position as one of the world's leading universities. **Trinity Foundation**, an independent charitable trust, supports the mission of the University through raising philanthropic funds. Its Board comprises business and opinion leaders with well-established international networks. Trinity Foundation is now recruiting an enthusiastic and motivated person to fundraise for a priority project: **Science Gallery** is an exciting new public creative space located on Pearse Street - see [www.sciencegallery.com](http://www.sciencegallery.com)

# Development Officer, Science Gallery

---

The successful candidate will be a self-starter with the ability to take ownership of initiatives and to see them through to a successful conclusion. Proven experience in fundraising and/or business development, excellent writing skills and the ability to form strong and fruitful relationships, will be required. High levels of energy and dynamism, together with excellent communication and influencing skills will be vital.

An attractive remuneration package commensurate with experience will apply to this key appointment.

---
